Please cancel the certificate as a payphone provider. We are not offering this service to customers at our campground.

Dear Mr. Olendorf:

The Gross Receipts form that we recently received from you (dated Jan. 31, 2013) indicates the word "closed" next to the PSP revenues. For clarification purposes, are you requesting the Public Service Commission to cancel your payphone service provider certificate for Point South Kamp Ground, Inc.?

I am copying the Office of Regulatory Staff on this email for their information.

Sincerely,
